It's not as easy as it looks to do what we do  
To be a hero and a role model to every young  
Australian.  
To have the hopes and dreams of millions on our  
shoulders  
To be the shining paragon of Western cultural  
achievement

I know it's hard to believe  
Scod: It's actually us in the flesh and blood  
But don't be overwhelmed, 'cause...

It's okay  
You don't have to be scared  
Come right up and touch us  
It's okay

Please don't actually touch us  
That was just an example  
To demonstrate that we're human too

It's okay  
(Ooh, don't you know it's okay?)  
You don't have to be...  
(You don't have to be scared.)

So as you leave this show tonight, think of your aura.  
Will you buy a t-shirt?  
Or a - CD?  
Or a- video?  
Or a - poster?  
(Or a...)

Cherish your dreams  
And like a flower, they will blossom  
But don't tell anyone your dreams 'cause they sort of  
tend to trail off and be boring.

(Ladies and gentlemen, all the way from the place  
where impersonations... near enough is good enough...  
Shaggy! )

(It's okay.)

[Yon, as Shaggy] When I was a child  
I dreamed of doing this  
Well, not exactly this  
But something similar

(It's okay.)

[Yon, as Shaggy] I'd try the Jazz Ballet  
And calisthenics  
And watch the videos  
Of Annie Lennox  
And so you ask me now  
Why am I saying this?  
I cannot tell you though  
It is a secret.

Come right up and touch us  
It's okay

Stay there, we'll bring it over  
Close your eyes and put your hand out  
To demonstrate that we're human like you and me...  
We're human like me!
