You say that there isn't a chance,
That we two will have a romance.
You just need a little more time,
But in the meantime....

Is it OK if I stalk you?
I just want to make sure you're OK,
And behaving while I am away.
Is it OK if I stalk you?
Don't mind me I won't get in the way,
And although I'll see you everyday,
You won't see me.

You've stated in words very clear,
That you won't require me here.
So to your conditions I bow,
But for now...*now*

Is it OK if I stalk you?
I just want to make sure you're OK,
And behaving while I am away.
Is it OK if I stalk you?
Don't mind me I won't get in the way,
And although I'll see you everyday,
You won't see me.

I will be in the vicinity no matter where you go,
It's a good thing what with all of the nutcases out
there, so...

Is it Ok if I... (x 13)
Is...
It OK if I stalk you *stalk you, stalk you*
Don't mind me I won't get in the way,
And although I'll see you everyday.
You won't see me 'cause...
I'll be concealed in my car...
At the back of the bar...
In the restaurant behind the piano...
The man over there with the hair...
And the moustache and wearing the glasses that, no
offense, I wouldn't normally wear...

'Cause my eye sight is fine...
And with night vision goggles I see even better,
They flatter you more then the closed circuit video.

Is it Ok if I stalk you?
I just want to make sure you're OK,
And behaving while I am away.
Is it OK if I stalk you,
Stalk you,
Stalk you,
Stalk you,
Stalk you,
Stalk stalk stalk stalk stalk stalk stalk stalk stalk
you?
Stalk you...
Stalk you.
