Scod: The trees are dying  
I'd hate to be a tree in this new century  
All: The trees are crying  
I'd hate to have what's done to a tree done to me  
Gatesy: Cos they cut them down and turn them into  
wood  
Yon: They rape entire forests for the corporate good  
Scod: A million awful things are done to trees  
But worst of all (yon and gatesy: Worst of all)  
All: Trees get chained to hippies  
Trees get chained to hippies  
Free the trees!  
Scod: I'd rather have a squirrel store his nuts in me  
Help! I'm chained up to a hippy.  
yon and gatesy: Free the trees  
scod: Smoking dope right near me  
yon and gatesy: Free the trees  
scod: Not offering me any  
yon and gatesy: Free the trees  
scod: Playing bongos badly  
yon and gatesy: Free the trees  
Whoa, whoa, whoa

Free the trees, free the trees, free the trees  
Have I made my point quite clearly?  
Am I labouring it now?

I'd rather be a table  
I think rather be woodchips ...
