Hold on like there's no tomorrow.
There can be no sorrow,
Right here where we stand.
And living only for this moment
All we've ever wanted,
Is right here in our hands.
And some will say that we're sure to fall,
Try and build their walls between us.

No way over it, no way around it.
If we want it, we have to go through it.
Fight for a love and the world tries to break us down.
But the world will bend,
An' the fight will end.
Love will always win.

Hold on till we see tomorrow,
There is time to borrow,
Till we own our own.
Walk on and our hearts will lead us.
But our hearts will need us,
To be steady and strong.
So we can stand and face the fire.
Burning higher and higher.

No way over it, no way around it.
If we want it, we have to go through it.
Fight for a love and the world tries to break us down.
But the world will bend,
An' the fight will end.
Love will always win.

No: we know that a rainbow ends,
Beyond dark skies.

No way over it, no way around it, no.
If we want it, we have to go through it.
Fight for a love and the world tries to break us down.
But the world will bend,
An' the fight will end.
An' the world will bend,

An' the fight will end.
Love will always win.
