Under the Cross the Dead drink our tears I still feel the  
Rain The sad stillness in my pain Behind me I leave all  
disgrace Taste my  
Belief I drown my sorrow in blood To despise a reliance  
Is to rely on my  
Fire Behind me I leave all disgrace And to be One of  
those without a grave  
To be One of those without a grave To be buried  
without a singel trace  
Burning to be buried smiling away If I bleed for the  
Moon Will you give  
Him a cross One more to bear For hundred empty  
years Cause I still cry in  
Pain As I watch you washing his cross in bloodtears
