It's late at night,
I hear the rain outside my window pane
What I wanna do is sneak out and go to Lover's Lane,
Me and You,
But I can't take this feeling,
Unless if it's in control,
It's natural
Chorus:
Just like Romeo and Juliet
Jack and Jill were still in love forever
We're still in love,
Side by side and heart to heart
Time reveals that we're still in love forever
We're still in love
We share the secret things that make each moment so
divine
But we must be careful and let no one catch us this
time
Oooh baby, love you
I kept my promise to love you and no one else
I can't help myself
Chorus (2x):
Just like Romeo and Juliet
Jack and Jill were still in love forever
We're still in love, still in love
Side by side and heart to heart
Time reveals that we're still in love forever
We're still in love, we're still in love
Baby, u know we're like no other
We're like a romance in history
We have something real special
Something we'll always keep
I'm glad you were the one I met
I love you Juliet
Just like Romeo and Juliet
Girl, we're still in love forever
We're still in love baby, together forever
Side by side and heart to heart
Girl, we're still in love forever
We're in still in love
I love you baby
