I'm sorry  
Is such a simple lie  
I'm trying  
Can't get it out this time  
There's nothing you can do  
You finally got me to the wall

Doncha know that  
You can't push me  
For an apology  
'Cause my feelin's  
Have got a hold of me  
You can make me bow down  
But you're never gonna make me crawl

Doncha know that today I'm too weak to turn the cheek  
Ain't gonna suck it in  
Ain't gonna swallow my pride  
I've drawn the line  
Ain't gonna swallow my pride {No!}  
Ain't gonna swallow my pride

Frustration  
When I talk to you  
Confrontation  
Is all you do  
You don't listen anymore  
You feel safer when the door is closed

Don't wanna take it like a man  
Gonna take a stand  
Ain't gonna suck it in  
Ain't gonna swallow my pride  
I've drawn the line  
Ain't gonna swallow my pride {No!}  
Ain't gonna swallow my pride

Maybe I'm right  
Maybe I'm wrong  
Maybe I'm crazy for waitin' so long  
I had enough

This is the end  
Don't come to me when you're lookin' for a friend

I'm not sorry  
I'm not gonna lie  
I'm not trying  
To make it up this time  
Be what you wanna be  
You won't be seeing me

Doncha know that today I'm too weak to turn the cheek  
Ain't gonna suck it in  
Ain't gonna swallow my pride  
I've drawn the line  
Ain't gonna swallow my pride {No!}  
Ain't gonna swallow my pride

Ain't gonna swallow my pride ...
