If it weren't for bad luck, kid
Guess you'd have no luck at all
The man said "Take it or leave it"
And here you are

What do you want me to say
You know there's nothin' I can do
There's nothin' I can do about it
But here you are
And I can comfort you

It don't bother me that you're cryin'
I don't care, it happens to everyone
It don't bother me if you're lyin'
A little love is better than none

All I really wanna know
Is are you still my baby
I don't care where you've been
Are you still my baby

Now that the table's turned
You say you finally understand
You're calling it a lesson learned
And here you are

What do ya want me to say
Hey, there's nothin' I can do
There's nothin' I can do about it
But here you are

It don't bother me that you're cryin'
I don't care, it happens to everyone
It don't bother me if you're lyin'
A little love is better than none

All I really wanna know
Is are you still my baby
I don't care where you've been
Are you still my baby

All I really wanna know right now
Is are you still my baby

Are you still my baby
