Mindin' my own business on a Friday afternoon
Don't know where I'm goin' but I'm gonna be there soon
I don't care about tomorrow
And I'm better off this way

Drivin' crazy

Singing with the radio, blazing like the sun
Banging on the dashboard, passing everyone
I don't care about tomorrow
Having too much fun today
Drivin' crazy

I'm running hot and my motors shot
Drivin' crazy
I'm blowing smoke and my brakes are broke
Drivin' crazy

Minding my own business, blazing like the sun
Don't know where I'm going, passing everyone
I don't care about tomorrow
Having too much fun today
Drivin' crazy
