Well I guess it's none of my business
But I hear people talkin' 'bout you
They're saying that you're tryin' it again
This time you're tryin' it with someone new
Well I guess it's none of my business
But where did you find this guy
I've seen you with some losers before, baby
But this one takes the prize

Dump that creep, dump that creep
He's only gonna make you sorry
That you didn't listen to me
Dump that creep
And come with me
Come with me

Ain't ya got no self respect
Well I expected more from you
Can't you see he's goin' for the neck
He's gonna make a wreck of you
He's onto you like a rat up a drain pipe
Can't ya see that he's the king of the jive
He's gonna wait 'til time is just right
Then he's going to eat you alive

Dump that creep, dump that creep
He's only gonna make you sorry
That you didn't listen to me
Dump that creep
And come with me
Come with me

Well I guess it's none of my business
But where did you find this guy
I've seen you with some losers before, baby
But this one takes the prize
He's onto you like a rat up a drain pipe
Can't ya see he's the king of the jive
He's gonna wait 'til time is just right
Then he's going to eat you alive

Dump that creep, dump that creep
He's only gonna make you sorry
That you didn't listen to me
Dump that creep
And come with me ...
