I always will remember Gypsy Wheeler
I used to see him ride by every day
Gypsy was a small town wheeler dealer
'Til he gave it up and just rode away

Gypsy had some trouble at the station
Teachin' some guy not to fool around
It led to a little more than conversation
You know, the next day
Gypsy was riding outta town

Keep on ridin', Gypsy Wheeler
This little town's got nothin' left for you
Keep on ridin', Gypsy Wheeler
This town's too small for a man as big as you

Gypsy ...

Where you gonna go when you're goin' crazy
Where you gonna ride to find peace of mind
I know some of the reasons have grown hazy
But Gypsy's bound to leave this house behind

Keep on ridin', Gypsy Wheeler
This little town's got nothin' left for you
Keep on ridin', Gypsy Wheeler
This town's too small for a man as big as you

Keep on ridin', Gypsy Wheeler
This little town's got nothin' left for you
Keep on ridin', Gypsy Wheeler
Where you gonna go when you're goin' crazy
