I don't wanna be here
I would sooner be
Somewhere else but here
I don't wanna be here

I don't wanna be here
I would sooner be
Somewhere else but here
I don't wanna be here

Chain smokin' cigarettes
Fightin' with the telephone
Nobody's home and I'm useless alone
Visibly shaken
No sensation
Got a serious lack of inspiration

Gotta get up
Gotta go out
Gotta go downtown
Take a look around
Gotta get up

And maybe if a lady accidentally stumbles on me
We could have a hot date and stay out late
And maybe if a hotshot body shop is rockin'
With a mediocre band we could give 'em a hand
(For a good time, not a long time)

I don't wanna be here
I would sooner be
Somewhere else but here
I don't wanna be here ...
