If I never see your face again

I won't be sad, I won't be sad

'Cause I will always

Remember what we had

We had love

Oooh, we had love

Nobody will ever love

Quite like we loved

No one will ever know

Nobody could ever take away

The love we made today

Nobody, nobody

So if it's down to the bottom line

If it's a question of love

Fading with time

I don't need to see ya'

To love you

If I never see your face again

I won't be sad, I won't be sad

'Cause I will always

Remember what we had

We had love  
Ooh, we had love  
So if it's down to the bottom line  
If it's a question of love  
Fading with time  
I don't need to see ya'  
To love you ...  
If I never see your face again  
I won't be sad, I won't be sad  
'Cause I will always  
Remember what we had  
You had me  
And I had you ...
