You chase money for love
You chase money for love

Everybody starin' 'cause you're in the place now
'Cause you're lush with the crush with the cash
I see it in your eyes walkin' the strip, you know we
watchin'
I won't pay for them lips if that's what gets you talkin'

'Cause you chase money for love
You chase money for love

Does your money love you?
Does your money fuck you?
Is it nice to talk to?
Does your money hug you?
Does your money want you?
Does your money haunt you?
Put your money 'bout you

I couldn't love this chick, she's got tricks, she's a flirt
She's got a lot going, big lips and a short skirt
Color contacts in her eyes, yeah, I'm surprised
Wanna get rich? Get your fix from another guy

'Cause you chase money for love
You, you chase money for love

Chase money for love
You chase money for love
Chase money for love
You chase money for love
You chase your money

You chase your money
You get your money right
You chase your money
You live a lovely life

You chase your money
And get your money right
You chase your money

You know it's 'aight

You chase money for love
For love, for love, for love
You chase money for love
You chase money for love
You chase money for love
You chase money for love
You
