I can't hear no more
Here comes the weight pushing down on my head
I came to explore
Build the life in this land of the dead

New kid big city growing
New kid big city growing
New kid big city growing

All I want all I want is everything unsold
They're taking it easy on me or not who you know
Take my hand take my hand coz I'm not letting go
When it all falls down there's no place left to go

Take me by the hand won't you take me by the hand
Take me by the hand won't you take me by the hand

Just left home and the city turned me on
And now I'm gone can't turn me back around
The lights so bright on this big city night
Can't hardly see this right, I'm all for the fight

New kid big city growing
New kid big city growing
New kid big city growing
New kid big city growing

All I want all I want is everything unsold
They're taking it easy on me or not who you know
Take my hand take my hand coz I'm not letting go
When it all falls down there's no place left to go

New kid big city growing
New kid big city growing
New kid big city growing
New kid big city growing

Hmmmm...
Hmmmm...

Take me by the hand won't you take me by the hand
