Troy:

Hmm, yea

Hey yea

Can you imagine?

What could happen?

If we could have any dream

I wish this moment

Was ours to own it

And that it would never leave

Then I would thank that star

That made our wish come true (come true) oh yeah

Cause he knows that where you are

Is where I should be too

CHORUS:

Troy:

Right here, right now

I'm looking at you and my heart loves the view

Cause you mean everything

Right here, I'll promise you somehow

That tomorrow can wait for some other date to be (to  
be)

But right now there's

Both:

You and me

Gabriella:

If this was forever what could be better?

We already proved it was

But in 2,123 hours abandon the universe

Gonna make you everything (everything)

In our whole world change (it's our change, yeah)

And you know that where we are (where we are)

Will never be the same oh no oh no

CHORUS:

Both:

Right here, right now

I'm looking at you and my heart loves the view

Cause you mean everything

Right here, I promise you somehow  
That tomorrow can wait for some other date to be (to  
be)  
But right now there's you and me

Gabriella:  
Oh we know it's coming  
And it's coming fast  
(As long when there's you and me) (Oh yeah)

Troy:  
So let's make the second last, make it last!

Troy:  
Right here, oh right now  
Gabriella:  
Troy:  
Yeah, I'm looking at you Gabriella:  
And my heart loves the view  
Both:  
Cause you mean everything

Right here, I promise you somehow  
That tomorrow can wait for some other date to be (to  
be)  
But right now there's you and me  
(You and me)

Ohh you and me

But right now there's you and... me!
