Verse 1

I wont let go, I wont give up
I'll stand right here, till God shows up
Though I don't see Him anywhere around
I believe He has a plan for me (x2)
(Repeat)

Verse 2

Though it seems like I've lost the fight
And His ways I can't figure out
God would not have me to break, He's just building my
faith
I believe that He does have a plan for me (x2)

Verse 3

Though it seems like I've lost the fight
And His ways I can't figure out
God would not have me to break, He's just building my
faith
I'll never be forgotten

Bridge

God will, show up
My God will show up
(X7)

I believe that he has a plan for me
