Come on, it's Troy Sneed
I woke up this morning, I was feeling kinda down
Cause I went to bed with a problem,
A solution could not be found
I thought that I could run away
But then it smacked me in my face
I was hoping it will stop, but it did not

See, if I'm gonna have to deal with this,
God you must take control of this,
Cause I have no more tears to fall
My pillow and sheets done soaked them all
(I've been there)
Down on my knees to pray
But this thorn in my side won't go away
I am dreaming, I'm so weak
God I know you're listening to me

Chorus:
I know you hear me
I'm calling on you Father
I know you hear me
You're right there
I know you hear me
in my time of trouble
I know you hear me when I pray
I know you hear me
When I'm weak
I know you hear me
You're right here
I know you hear me
I can talk to you
I know you hear me when I pray

For those out there,
(Saint Troy)
Who question God
You may feel like you all alone
And life is hard
What am I supposed to do
Which way should I chose

If I go left, what's right
Sometimes I'm so confused
See, I'm just making ends meet
Barely got enough to feed my family
(It's hard)
We ain't got a steak on the grill
(I'm still grateful)
But we got our own table full of bills
As I sit here going through
I see the ripos coming soon
Bad news I seem to earn
I ask you God, when's my turn?

Chorus:

I know you hear me
I know you hear me
I've been patient
I know you hear me
I know you hear me when I pray
When I pray
I know you hear me
When I call on you
I know you hear me
You're always there
I know you hear me
And you hear me father
I know you hear me when I pray
Every time

I've been waiting on an answer, desperately from you
Lord I need you right now
Don't know what to do
I'm not moving by myself
I would nobody else
So I call on you Jesus
I've been waiting here so long
By your strength I carry on
I'm sill holding on
(That's how I make it)
Faith is growing strong
(I trust you)
I just wanna do right,
So I won't do wrong

Chorus:

I know you hear me
Put your hands up
I know you hear me
Like you got faith
I know you hear me
I know you hear me when I pray

When I pray
I know you hear me
When I'm on my knees
I know you hear me
Cry still works
I know you hear me
I beg you Father
I know you hear me when I pray
I know you hear me
Now I'm needing God in my sleep
I know you hear me
I pray to God
I know you hear me
When I got up this morning
I look to Him
I look to Him
I'm gonna stay right here Jesus
Where nobody else is concerned what I'm going
through
I know you hear me when I pray
The pain that nobody else knows about, but you hear
me
I know you hear me
I got somebody to give you deliverance
I know you hear me
I know you hear me when I pray
I tell you all of my problems, You said You'll protect me
I know you hear me
I know you'll protect me
I don't even watch much TV
Cause I'm gonna wait right here
I'm gonna wait right here
I know you hear me
I know you hear me when I pray
