"Human People"

Do right, live right, think right, so forth rite, wisdom,
insight
Honesty and integrity

All day, each day, work, rest and play, laughter, joy,
Adults and children, everybody everywhere in peace

So Thank God, Thank god there's some Human People
Thank God there's still some decency
So Thank God, Thank god there's some Human People
Besides me

Caring, sharing, thoughtful, trusting, helping others
not assuming
Best intentions, generosity,

Kindness, patience, all wonders of creation,
understanding, compromise
Thinking of someone else's needs

Thank God Thank God

So Thank God, Thank god there's some Human People
Thank God there's still some decency
So Thank God, Thank god there's some Human People

Besides me
