Well it's not what I say, but I do  
What I want people to see,  
In me is you  
If I show them your love  
They would know it's enough  
'cause it's not what I say....  
If I say I'll feed them  
But never gave them bread  
Or if I say I'll support them  
But, more than instead,  
They'll hear what I've said  
But they won't understand,  
Until love's demonstrated  
With an open hand  
'Cause it's not What I say  
But what I do, what I want  
People to see in me is you  
If I show them your love  
They won't know it's enough  
'Cause it's not what I say  
I've been so happy  
When I give something nice  
But the thought of giving always  
Make me think twice  
It was by your example  
That I learned how to give  
See you gives us freedom  
So that I can live  
And it's not what I say  
But what I do  
What I want people to see  
In me is you  
If I show them your love  
They won't know it's enough  
'Cause it's not what I say  
But what I do  
Not what I say  
But what I do  
What I want people to see  
In me is you  
If I show them your love, Baby

You know it's enough  
'Cause it's not about me  
When it comes from above  
Not what I say, Not what I say  
Not what I say, gonna fallow  
Your way, it's not what I say  
Not what I say, but what I do  
Think I'm gonna sing it only  
Not what I say, it's not what I say  
Not what I say, gonna fallow your way  
It's not what I say, not what I say, yeah  
But what I do
