"See The Light"

It doesn't matter where you are
Or what you're doing
You could be somebody's hope
You really don't have to look that far
To see that you can
Take the light that lives within
And guide the way that leads to him
CHORUS
Raise your hands
Testify
That the world may see the light
Everyone can make a difference
Take your candles
Hold em high
So they light the darkest sky
That the world may see the light
All around us everywhere
Are people hurting
Opportunities to love
Make the most of everyday
Of every moment
That he gives for us to share
Take the time to show you care
CHORUS
Raise your hands
Testify
That the world may see the light
Everyone can make a difference
Take your candles
Hold em high
So they light the darkest sky
That the world may see the light
Lord we pray that in all we say and do
Everyone would see You and only You
Take our lives Lord and let them be a sign
That You can take a broken heart and bring it back to
life
CHORUS
Raise your hands
Testify
That the world may see the light

Everyone can make a difference
Take your candles
Hold em high
So they light the darkest sky
That the world may see the light
Raise your hands and testify
Raise your hands, take a stand, you know that
We can make a difference
