I was searching nearly all my life
For something I could feel inside
Walkin through a world of pain
And then I called His name
And I heard a voice inside my heart
One I never heard before
Then His spirit opened up my eyes
Down on bended knees I cried
And I thank God He found me
Now Heavens all around me

Chorus:

Sweet Jesus, gave His love to me
Sweet Jesus, died and set me free
Once I was lost and in doubt of it all
But now I believe in sweet Jesus
Like a sparrow on a windy day
I was tryin to fly in vain
Didn't know if I could make it home
Not until I saw Him calm the storm
Now my shelter is His endless love
Standing on the rock of blood
Now my life is living proof
Of what the Son of God can do

Chorus

They gathered at the gravesite
Just to find an opened stone
And they all rushed in to see
But He was risen and gone!
Now he's living on and on!

Chorus
