She was the girl of my dreams, I swear that she was  
I've been here before but I was buried in love  
She wasn't the type to express how she really feels  
Spending weeks trapped in stupid laughs and silly  
deals  
I made a pact, I wouldn't let her go  
Weeks became months, and still I had nothing to show  
for  
It, her, here I am again  
Wasting away the only year I have to spend  
Now, time passes without looking backwards  
And I'd be gone way before I could've had her  
But when we're alone, it's clear that she was diggin'  
But found herself trapped by fear and indecision  
My silver bullet shot down by her golden eyes  
I won the game but I just never got to hold the prize  
I'm all alone with my heart left open wide  
I've given all I could for the flame that's supposed to  
die

And I keep putting myself in this situation  
Knowing all the heartbreak I'd be facing  
Did I learn anything at all?  
Do I learn anything at all?  
Here again in the same old cycle  
I can't explain why I do what I do  
Did I learn anything at all?  
Do I learn anything at all?

So when the winter chill springs to a summer daze  
The only change is that I love her more a hundred ways  
Another phase with her is what I'm lusting  
And it's only a discussion not to waste away our wonder  
age  
I love her ways, but I hate what she does to me  
She's all good and sweet, and then she's such a tease  
So abrupt-ed-ly in arrest  
Took my heart from my chest to her custody  
Now time was the enemy, she couldn't be a friend to  
me  
Giving us a chance ain't the same as a wedding ring  
The chemistry shared was a sign that we're meant to

be  
Together, whether for a day or a century  
Fall back now emotions at risk  
I'm waiting girl I left my heart open for this  
Situation stands, same shit is what I really mean  
I came a full circle but I never learned anything

And I keep putting myself in this situation  
Knowing all the heartbreak I'd be facing  
Did I learn anything at all?  
Do I learn anything at all?  
Here again in the same old cycle  
I can't explain why I do what I do  
Did I learn anything at all?  
Do I learn anything at all?

And I can't figure this out  
I can't lie that I made an attempt  
But being with her could never be how I dreamt  
Said I'm learning, learning  
Thoughts you kept to yourself  
I can't lie that I wanted her bad  
But her having my heart was just something to have  
Maybe someone else will help...

And I keep putting myself in this situation  
Knowing all the heartbreak I'd be facing  
Did I learn anything at all?  
Do I learn anything at all?  
Here again in the same old cycle  
I can't explain why I do what I do  
Did I learn anything at all?  
Do I learn anything at all?

Yeah, yeah, yeah  
Anything at all
