Among the couples fit for a heartfelt relationship
It's never been the one where either players play to win
I lost the race from across the wrongs and now it's not
the same loving off and on so whatever's going
through your mind is beyond me
I'm not to hate for wanting something so concrete. Fill
the gaps on the path to destruction and in the end all
we had to show for it was nothing

So to get you it'd be best to let you go
That is just one of those things I can't understand
Maybe one day girl you will see that you can't
Live so Black and White see all with your eyes
You seem to be such a contradiction to me

I'd say I love you just for you to say it's not the right
time
It's deep how you can be so surface with me
You're complicated but you act like this is oh so basic
But who am I to judge who you want to be

So to get you it'd be best to let you go
That is just one of those things I can't understand
Maybe one day girl you will see that you can't
Live so Black and White see all with your eyes
You seem to be such a contradiction to me

I'm so far gone girl I've fallen off the deep end
I've never been a victim to the habits that you frequent
and us was never something to believe in the colors so
dullen in extraordinary season and damn
Why am I still bothering played the game of love and I
was dealt the same card again
I never followed it blind by her bright eyes chopped up
my pride bite size so I could swallow it
The thought of us continuing on the same pass bad
enough for me to wish the thunderstorms came back
Cause clear skies was never our reality only played it
cute
Only when we knew it had to be
Gray scale the truth was so vivid like it was just
yesterday like I could relive it

Reflipped the switch just wishing you were close to me
a black and white relationship was never how it's
'sposed to be

So to get you it'd be best to let you go
That is just one of those things I can't understand
Maybe one day girl you will see that you can't
Live so Black and White see all with your eyes
You seem to be such a contradiction to me

So to get you it'd be best to let you go
That is just one of those things I can't understand
Maybe one day girl you will see that you can't
Live so Black and White see all with your eyes
You seem to be such a contradiction to me
