I'm your new toy
Custom made for you
I hope you like me
Got no senses
Trade me in when you are bored
I got a guarantee

I see you're searchin'
For your pot of gold
Somewhere in space
She didn't want you
Baby that's why I'm here
But I got my own piece to chase

Say you love me just like a girl
With your hands all over me
Say you want me just a like a girl
Will you be over me?

I feel the magic
You betray
Back to you vices
What they sell, you throw away
Oh your love is cruel

You said you loved me just like a girl
With your hands all over me
You said you wanted me just like a girl
Now you're over me

All I ever wanted was to be like you
All I never needed was to feel like you

I got a new toy
I named him after you
I took his tags off
He serves me better than you ever could
He charges my batteries

And I love him just like a girl
My hands all over him

And I want him just like a girl
I'll be over him
I'm gonna fuck him
Just like a girl
