I got your picture, it's something I can see through
You're a liar, I got something to prove
So experimental we all want something new
I need your Body but I don't need you

Me & My RhythmBox I keep it Dirty, keep it Hot
Me & My RhythmBox, I Keep it Dirty, keep it smart

Hey country boy, well you got something to learn
Hey country boy there's no money to burn
So regimental, well I took your dare
You left me hanging cuz you don't care

Me & My RhythmBox I keep it Dirty, keep it Hot
Me & My RhythmBox, I Keep it Dirty, keep it smart

Repeat 1st verse
Chorus
