Everyone I know is lonely  
My God's so far away  
And my heart belongs to no one  
So now sometimes I pray  
Please take this space between us  
And fill it up some way  
I've been waiting for my brothers  
Since fucking Christmas day

There's a song that everyone's heard  
Let me hear it, make me a part  
Songs everyone's heard  
Let me hear it, make me a part

Nothing seems to matter  
To no one anymore  
They say my world is shattered  
I just did it on the floor

It won't go no further  
It is here I make my stand  
If you say my life is precious  
When you held it in your hand

There's a song that everyone's heard  
Let me hear it, make me a part  
Songs everyone's heard  
Let me hear it, make me a part

There's a song that everyone's heard  
Let me hear it, make me a part  
Songs everyone's heard  
Let me hear it, make me a part
