In the quiet silent seconds I, I turned off the light switch
And I, I came down to meet you in the half light the
moon left
And a, a cluster of night jars sang some songs out of
tune
While a mantle of bright lights, shone down from a
room

Come down in time, I still hear her say
So clear in my ear like it was today
Come down in time was the message she gave to me
Come down in time and I'll meet you half way, yeah,
yeah

Well, I don't know if I should have heard her as yet
But a, a true love like hers is a, a hard love to get
And I've, I've walked most all the way and I, I ain't
heard her call
And I'm getting to thinking if she's coming at all

Come down in time, I still hear her say
So clear in my ear like it was today
Come down in time was the message she gave to me
Come down in time and I'll meet you half way, yeah,
yeah

There are women and women and some hold you tight
While some leave you counting the stars in the night
