"Cry Of Angels"

Cherubims of angels
flashing 'cross the sky
bringing forth a warning
Don't let your freedom die
Hear those trumpets blasting
down the walls of Jericho
Stand up and be counted
Let your masters know
that we won't let them take away
what we've won up until today
Listen to the battle-cry of angels...
Cry of angels...
Cry of angels...
You better listen

Reborn proclamation
for Woman-child and Man
Let you conscience guide
you to speak out once again
Racist head of facism
rising from the ruins
Take a look around,
look at what they're doing
Don't let them trick you now
into kneeling down to bow
Listen to the battle-cry of angels...
Cry of angels...
Cry of angels...
You better listen

Individualism:
A precious right to keep
Patriots on the left and right
will lead you on like sheep,
take control, fence you in,
step on you like stones,
tell you that it's for your good,
protect you in your home
Voice of freedom, time to speak
Wake up from your borrowed sleep
Listen to the battle-cry of angels...

Cry of angels...
Cry of angels...
You better listen
