I don't want no top bunch
Love how your lips go
Whisperin' kisses
Love me, come close to me
I'm hot and bothered
Just want to hold you tonight

Guy in stargaze [*]
Start up my lovin'
[?]
Hot and you're lovin' me now
My collector [*]
Over the top now
Straight up, it's hands down
Straight up, the land of love
Hot and bothered
Hot and bothered
Just want to hold you tonight

I don't want no top bunch
Love how your lips go
Whisperin' kisses
Love me, come close to me
I'm hot and bothered
Hot and bothered
Hot and bothered
Just want to hold you tonight
