Head out of the house, go for a place  
The unicorn has gone without a trace  
I bump into my friend  
Leroy

Laugh about his girl  
I feel great  
Stay out late  
I can't wait

My fingers snappin' back for a thrill  
I know where to go, and go I will  
No trouble at the door  
Easy  
Chase out on the floor

I feel great  
Stay out late  
I can't wait

I been chasin' fun out on the town  
Guessin' where you've been hangin' 'round  
I can't get the feel  
Of her  
Everything is real

Okay, it's a fadeout
