Gazed into the visions of the night  
Seen the darkness fall  
I've heard a mountain fall away from sight  
Heard the thunder call

Seen the beast I call my father  
Creature of the night  
I feel the creeping darkness close  
That [i need] electric light

They say the meek shall inherit the earth  
How long will you keep it?  
They sow a harvest but what's it worth?  
There's no one left to reap it

Gazed into the visions of the night  
Seen the darkness fall  
I've heard a mountain fall away from sight  
Heard the thunder call

Seen the beast I call my father  
Creature of the night  
I feel the creeping darkness close  
That [i need] electric light

They say the meek shall inherit the earth  
How long will you keep it?  
They sow a harvest but what's it worth?

There's no one left to reap it

Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night

They say the meek shall inherit the earth  
How long will you keep it?  
They sow a harvest but what's it worth?  
There's no one left to reap it

Gazed into the visions of the night

Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night

I have gazed into the visions of the night  
I have gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night  
Gazed into the visions of the night...
