Up with the sun to try and seek a sign.

The perfect power that is the divine.

I say your name most every day,

With your power I will display.

What I wanted to say.

And from the scroll, I'll take the final line.

The perfect power that is arcane design.

I'll do everything I can, to make the fire flow from my hands.

It's what I wanted to say, it's what I wanted to...

I'll do everything I can, to make the fire flow from my hands.

It's what I wanted to say, it's what I wanted to.
