Co-conspirators, break the mirrors,
Give this some transparency.
Given analysis, concludes our fears,
We move on with specialized clarity.
Can we direct this slice of everyone's,
Far below the surface of scarcity.
Can someone strip it down with multiple sounds,
Place the base with a face of sincerity.
And in the presence of those conspired,
Offered hands hard wired to sweep the tired away
from thee.
And in the place of defeat was a feat so complete,
Offered up in a sense of new loyalty.
And in this approved ability,
Complete the paper process with your paper trail.
But please sir, grant me this pardon.
Can we direct this slice of everyone's,
Far below the surface of scarcity.
Can someone strip it down with multiple sounds,
Place the base with a face of sincerity.
And in the presence of those conspired,

Offered hands hard wired to sweep the tired away
from thee.

And in the place of defeat was a feat so complete,

Offered up in a sense of new loyalty.
