[B-Section:]

Uh Can you let me out, Shorty please can you let me out

Judge please can you let me out, judge please can you let me out

Can you bail me out, locked up can you bail me out

Shorty please can you let me out, judge please can you let me out

[CHORUS:]

Handcuffed and arrested, I'm in love I'm so guilty

And I don't want ever go free, Hands up shorty got me

Handcuffed and arrested, I'm in love I'm so guilty

One for free, Hands up shorty got me handcuffed and arrested

What can I say ain't no need to put up a fight

Man I know I'm doin nine to life, What is this about

I wish I could've picked another route, Yo James come bail me out

But he can't, Cupid be the judge of this game, just break it up like Mills

Lane

But I can't I need to find some order

But first let me call my lawyer, I'm arrested

[CHORUS]

Shorty got I mean I'm so in love, Got me speechless, and I'm mumblin

Got me stumblin and my heart fumblin, What have I stumbled in

Gotta make a collect call today, I mean something like a GTA

Got my H-E-A-R-T right out of my chest

With no chance of parole I guess, I'm arrested

[CHORUS]

[B-SECTION]

Walked up in the door, said I can't take it no more girl
I'm ready to go
She said no, I'm like whoa, Just think about it, girl we
goin through some
Bullshit
Arguin and boxin while my little man's watchin
You keep sayin you gon' find you a better man
Should I go should I stay, who gives a damn
Nah we gon' ride this out we ain't do 6 years for us talk
shit out
Plus I hear your little friends all in your ear tellin you I'm
cheatin
When I'm out in the streets And I know I piss you off just
a little bit
But I ain't goin nowhere, girl I'm arrested

[CHORUS]
