Paradise is nothing nice

Not like you think it would be

Take it down to another town

Not like you think it would be

Take off now

Take off now

Take off now

Take off now

Marigolds sell their souls

Not like you think it should be

Paranoids are to avoid

Not like you think it should be

Take off now

Take off now

Take off now

Take off now

Break up, break up

Break up, break up

Break up, break up

Break up, break up

Hey do you have a fist a for me

Do you have a fist for me

You have a fist for me

Have a fist for me

A fist for me

Fist for me

For me, oh

Take off now (5,4,3,2...)

Take off now (burn burn burn burn)

Take off now (5,4,3,2...)

Take off, take off

Take off, take off

Take off, take off

Take off, take off

Break up, break up

Break up, break up

Break up, break up

Break up, break up

Adjust

Meet me behind the old church at midnight.

Take off! Do you copy? Take off! (with static)

Break up, break up

Break up, break up

Break up, break up

Break up, break up

Break

Won't you come in?

Sit down, have a drink

Nothing is just like you think

Come share my sin

Don't tell me what I mean

Nothing is just like it seems

(stop)

I have a dream, I have a dream

A dream, dream, dream

Dream on, dream on, take off

Take off now

Take off now

Take off now

Take off now

Please relax and let the orchestra calm your nerves, oh
