Badumph, badumph, badumph, badumph, badumph,
yeah
Charum, charum, charum, charum, charum, yeah
Life is so freaking hard
Whimsical
My soul is a vacant shard
Whimsical
So dang whimsical
It's almost musical
I don't like omnivores
Whimsical
My love is a carnivore
Whimsical
So dang whimsical
It's not quite musical
(Yeah)
(Yeah)
I don't believe in between you and me
I don't believe in the bullcrap I can see
I just have faith in what is hidden well
I just have faith in the feelings I can tell
So dang whimsical
I think it's musical
I don't believe in between you and me
I don't believe in the bullcrap I can see
I just have faith in what is hidden well
I just have faith in the feelings I can tell
I don't believe in between you and me
I don't believe in the bullcrap I can see
I just have faith in what is hidden well
I just have faith in the feelings I can tell
(Yeah)
(Yeah)
