Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

I may go broke on a business deal and I phoned up  
Uncle Lou  
He said when I'm back yardin' boy I don't care what you  
do  
Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Well I'm on the phone trying to get a loan and I called  
up cousin Fred  
He said when I'm back yardin' boy ya might as well be  
dead  
Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Well I had to phone my rich Aunt Joan, would ya like to  
buy some shares?  
She said when I'm back yardin' boy I mind my own  
affairs  
Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Old brother Clyde I can't survive if I don't get some loot  
He said when I'm back yardin' brother I just don't give a  
hoot  
Back yardin', back yardin' that's a chit chat party in the  
garden

Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Now don't ya know that business deal came through for  
me at last  
And I really say this back yardin' stuff is really quite the  
gas  
And everybody's on the phone, my relatives wantin'  
dough  
I say it's too bad I'm back yardin' friends but there's  
one place you can go  
Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Back yardin', back yardin' that's a chit chat party in the  
garden  
Just a BBQ with a friend or two where you don't give a...  
beg your pardon  
That's Back Yardin'

Back Yardin'  
Back Yardin'  
Back Yardin'  
Back Yardin'
