

Stole Your Woman "Frustrated"

Visit "[Frustrated](#)" on MotoLyrics.com

You got a nasty reputation
You always want it
In bed with no hesitation
I never want it from you

I'm frustrated
I cannot lie

I hate it
It makes me want to brake inside
I can't take it
Leaving you outside is fine

Nobody really even knows you
You never had anyone
Nobody really wants to own you
I never want it from you

I'm frustrated
I cannot lie

I hate it
It makes me want to brake inside
I can't take it
Pushing you aside is fine

You got a nasty reputation
You always want it
In bed with no hesitation
I never want it from you
