Someday they say  
We're gonna shake this beautiful world  
Somehow, right now  
Love will come and set you heart in a whirrle  
When your down, don't frown  
You gotta shake the blues somehow  
Come along baby and dance with me

You'll be shakin' the blues right now  
Shakin' the blues right now  
Don't sigh, just fly  
With a song called shakin' the blues  
Let's dance, romance  
Give us a chance to put the zip in your shoes  
It's our night, so hold tight  
We're gonna shake the blues somehow  
Well it's all so easy, baby can't you see?  
We're shakin' the blues right now  
Shakin' the blues right now

We're shakin' the blues, so baby give me your hand  
Keep your feet a movin' to the beat of the band  
Lose your little bubble, break it on the double  
Forget about your troubles, love is so grand  
Let's live, let's give  
The whole wide world the news  
And while we're a shakin'  
The world 'ill say  
They got a sure way of shakin' the blues  
A sure way of shakin' the blues  
But sure way to shake it, and a sure way to make it  
A Sure way of shakin' the blues  
A sure way to shake it, and a sure way to make it  
A Sure way of shakin' the blues

(Bridge)

Okay, let's sway  
Do the new way of shakin' the world  
Somehow, right now  
Love 'ill come and set your heart in a whirrle

Your down, don't frown  
We got to shake the blues somehow  
So come on dance everybody with my baby and me  
You'll be shakin' the blues right now  
Shakin' the blues right now  
Don't sigh, just fly  
With a song called shakin' the blues  
Let's dance, romance  
Give us a chance to put the zip in your shoes  
It's our night, so hold tight  
We're gonna shake away the blues somehow  
Come along baby let the whole world see  
We're shakin' the blues right now  
Shakin' the blues right now

We're shakin' the blues, so baby give me your hand  
Keep your feet a movin' to the beat of the band  
Lose you lonely bubbles, break em' on the double  
Forget about your trouble, love is so grand

Let's live, let's give  
A whole wide world the news  
And while we're a shakin', the world will say  
They got a sure way of shakin' the blues  
They got a sure way of shakin' the blues  
A sure way to shake it, an' a sure way to make it,  
An' a sure way of shakin' the blues

They got a sure way to shake it, an' a sure way to make  
it,  
An' a sure way of shakin' the blues. (x2)
