They don't look on my face
They tell me everytime
That I'm too young for life
But I need a taste
And I cannot wait
Until say it's right
I'm gonna leave tonight

And then I won't let go
The streets will show
I will run the lights
Let them try to tell me no no no

They gonna knock on you
You know it's true

[Chorus]
You and me know
I say we can break down the wall
You and me
I say we can break down the wall

I will not play this game
I cannot sympathize with their dollar eyes
'Cause they're all the same
And I cannot wait
I'm gonna leave tonight
Tell me, it ain't right
