This fluid feels like pain
This stoic mood is all in vain

I reach into the dark
I tear the sun and me apart

How many years ago
How many deaths I can't let go

My flesh is temporary,
My God extraordinary!

You
Can't
Kill
My mind
A man delivered
Can never make his way in darkness
I know tonight will end
But I won't give this life away again

Sifting through the seen debris
Oh my father call to me
This smoke is in my blood
This soul is just no good

Save me from my bitterness
Give me up I did my best
Chalk this system full of shit
Lock this fucker lost in end

You
Can't
Kill
My mind
A man delivered
Can never make his way in darkness
I know tonight will end
But I won't give this life away again

A man surrendered

Can never find his own forgiveness
I know my life will end
But I won't give tonight away
I won't give tonight away again
This fluid feels like pain
This ruin feels like rain
I reach into the past
My future's fading fast
How many years ago
How many I let go
My flesh is all I have
My face is happenstance
This smoke is in my blood
This life is not enough
This life is not enough
This life is not enough
