Sometimes
I like to talk about it
But I won't fight about it
It's just a waste of time

Sometimes
I even think about it
Then again I won't deny it
That ain't worth my time

Sometime
You gotta face it down
You gotta work around it
Sometime you gotta lose

Sell yourself a reason
Take yourself outside
Through it all the truth comes out
You're still alone inside

Some days
I even see you there
You look away but I don't care
Especially not today

Sometimes
I have to deal with it
But how can when I don't even know how I feel about it
Maybe some other day
Another holiday

Sometimes
I even see your face
And I just wanna tear it away
If only from my mind

Sometimes
I'd like to see you about it
Then again, I can do without it
Maybe some other time

Sell yourself a reason
Take yourself outside
And through it all the truth comes out
You're still alone inside

Sell yourself a reason
Take yourself outside
And through it all the truth comes out
You're still alone inside

You don't know what you did to me
And I won't give you the courtesy
You'll never know how much I cried
To show you tears?
I'd rather die
