We're getting old
But you're holding onto something
It's really ?
Anyone else ?
I know it's really cool
But you're holding onto nothing
Why do you think it's ?
I won't be cold, no more

My window holds ? like a TV screen
And it doesn't matter where you are
I know you'll be there for me

You're mine tonight
And the days to come, Rebecca
You're mine today
And every other day, Rebecca

I know it's really cool
When you get that loving feeling
When you're down and out
To see that loving smile

I know you think I'm ?
? specialty
But it's just your scene
But it doesn't change my love for you

My window holds ? like a TV screen
And it doesn't matter where you are
I know you'll be there for me

You're mine tonight
And the days to come, Rebecca
You're mine today
And every other day, Rebecca

You're mine to have
Mine to hold, Rebecca
You're mine forever and ever and ever, Rebecca
Look out

Can you feel this song
Baby, I hope you get this message
I thought I heard your call
Until I found it was just the wind
Now you think you're mine
You're helping me through darkness
And I can take your love
Cos you're loving me through life

And I know I'm getting closer to rejoining you
And I know I'm gonna love you 'til I die
And I know it'll feel so good when I'm holding you
And I feel this good, what I can do
Is look into your eyes

You're mine tonight
And the days to come, Rebecca
You're mine today
And every other day, Rebecca

You're mine to have
Mine to hold, Rebecca
You're mine forever and ever and ever, Rebecca
