Ah Come on!

You won't admit it but it's true  
I'm happy without you  
I turn away and let your drama pull you in  
You always said I was a fool  
But something carried through  
I never wanna see your face again

So many problems left behind  
I'm sorting out my mind  
This idiot has turned into a better man  
I found my soul in someone else  
Who doesn't feel like hell  
Who doesn't make me wanna kill myself

(No! No! )  
I have every right to hate you  
(No! No! )  
I have every right to hate you

I was leaving, Stop believing  
Then I end up right back in your arms  
Now I'm bleeding, fucking seething  
I was through with you a long time ago

Some people suffer for no reason  
But they're the ones to blame  
So walk away and let it go and save yourself  
Before you tell yourself a lie  
Just tell that one goodbye  
How much more can you take before you fucking die?

(No! No! )  
I have every right to hate you  
(No! No! )  
I have every right to hate you

I was leaving, Stop believing  
Then I end up right back in your arms  
Now I'm bleeding, fucking seething

I was through with you a long time ago

(No no no no)

(No! No! )

I have every right to hate you

(No! No! )

I have every right to hate you

I was leaving, Stop believing

Then I end up right back in your arms

Now I'm bleeding, fucking seething

I was through with you a long time ago

Suffer! Suffer! Suffer! Suffer!
