Our love girl is goin' through changes
I don't know if I'm alive, dead, dyin' or just a little jaded
Someone throw me a line
You know I need it
I need it bad

Lost in a maze of my own making
No way out that I can find, send home your hard
workin' jury
I'm going down this time
You'd better believe it
Guess, you have

So if you hear me cryin' or talkin' in my sleep
Don't be afraid, it's just eight hours that I sleep
We gotta lots of lives, for a million years
A love that can never fade through the tracks of your
tears

All I can do is hope that you will see me fall
Do your best to smash my picture on your wall
Forgive me baby, but absolve me, my dear
I've seen the future in the tracks of your tears

I've seen the future in the tracks of your tears
Of your tears
Of

I cast a shorter shadow with every passing day
No time to think, I'm just fadin' away
Some kind of magic in all your hopes and fears
Shows me the future through the tracks of your tears

Ooh yea
