This fluid feels like pain - this stoic mood is all in vain
I reach into the dark - I tear this other me apart
How many years ago - how many deaths I can't let go
My flesh is temporary - my God extraordinary

you.. can't.. kill.. MY... MIND
a man delivered... can never make his way in darkness
I know tonight will end but I won't give this life away
again

Sifting through the seen debris - oh my father call to
me
This smoke is in my blood - this home is just no good
Save me from my bitterness - give me up I did my best
Shock this system full of shit - mock this fucker full of it

you.. can't.. kill.. MY MIND
a man delivered... can never make his way in darkness
I know tonight will end, but I won't give this life away
I won't give this life away - AGAIN
A man surrendered can... never find his own
forgiveness
I know my life will end, but i won't give tonight away
I won't give tonight away again
(solo)

This fluid feels like pain - this ruin feels like rain
I reach into the past - my future's fading fast
How many years ago - how many I let go
My flesh is all I have - my face is happenstance
This smoke is in my blood - this life is not enough
This life is not enough - this life is not enough
