It's only common sense
So please don't take offense
I gotta say what's on my mind
'Cause all this bitterness
Has made me second guess
And I have waited all my life
You know it's true
It isn't me it isn't you
I can't be your man
But here's what I don't understand

If I can't live without you
But I can't breathe when I'm with you
What are we really doing here?
I don't wanna live without you
But God only knows what I've been through
'Cause dying is all we're doing here

You leave me suffering
'Til I can't feel a thing
It's all I got when I want more
If I waste one more day
Then they can take me away
'Cause it'll be worse than it was before
You know it's true
It isn't me it isn't you
I can't be your man
But here's what I don't understand

If I can't live without you
But I can't breathe when I'm with you
What are we really doing here?
I don't wanna live without you
But God only knows what I've been through
'Cause dying is all we're doing here
Whoa!

If I can't live without you
But I can't breathe when I'm with you
What are we really doing here?
I don't wanna live without you
But God only knows what I've been through

'Cause dying is all we're doing here
Whoa!

If I can't live without you
But I can't breathe when I'm with you
What are we really doing
What are we really doing here?
I don't wanna live without you
I don't wanna live without you
'Cause dying is all we're doing here
