My face is horrid and I'm constantly slouching
My place is lower so I'm constantly crouching
And I don't believe it, I saw the man again
And he won't hear another word I say

I have delusions so I'm constantly shouting
I have compulsions so I'm constantly counting
And I don't believe it, there goes my world again
And I don't understand a word I say

Just because I'm paranoid
It doesn't mean I'm not annoyed
And just because I'm not prepared
It doesn't mean I'm not aware

The smoke is infinite, I'm constantly panting
The truth is imminent, I'm constantly ranting
Well, I don't believe it, well, I took a chance again
And people I don't know won't let it go
(People I don't know won't let it go)

I've got some problems so I'm constantly bitching
I've got some rashes so I'm constantly itching
Well, I don't believe it, forgot the pills again
I just woke up a million miles from home

Oh, just because I seem sedate
It doesn't mean I'm not irate
And just because I'm not immune
It doesn't mean I'm scared of you

Well, just because, just because I'm incomplete
It doesn't mean I'm obsolete
And just because I'm out of view
It doesn't mean I'm not like you

No, not like you
No, not like you
No, not like you
No, not like
