I don't wanna change the subject  
But it's all that I can do  
I think you will agree there is more of us  
Than the sum of all of you

Let me get a read on the moment  
So I can tell you what I see  
I set my sights on something more  
But I settle for less than me

Oh! Oh! Oh!  
Feed me lies again, my soul  
I don't wanna come back here anymore

Running on the last excuses  
Of a world that knows my name  
How am I supposed to make my mark  
If I still can't make my way?

I focus on the next illusion  
Someone else is in my place  
There is just so much that you can take  
But I [?] on my face

Oh! Oh! Oh!  
Feed me lies again, my soul  
I don't wanna come back here anymore

Oh! Oh! Oh!  
Stay right here and leave me alone  
I don't wanna come back here anymore

Anymore!  
Oh ya!

I don't wanna be a burden  
But I know the chance I had  
Everybody wants what they don't need  
And the envy drives you mad

So turn around and keep on walking

I can find my way from here  
I set my sights on an epitaph  
And I settle for all my fears

Oh! Oh! Oh!  
Feed me lies again, my soul  
I don't wanna come back here anymore

Oh! Oh! Oh!  
Stay right here, leave me alone  
I don't wanna come back here anymore

Oh! Oh! Oh!  
Feed me lies again, my soul  
I don't wanna come back here  
I don't wanna come back here anymore
